LOAN AMOUNTS (MIN/MAX)

The minimum loan amount is \$2,001 and \$6,001 for Massachusetts residents. The maximum aggregate loan limits are \$200,000 for undergraduate programs and \$400,000 for graduate programs. All loans certified under the minimum loan amount will be automatically denied and the student will need to reapply.

LOAN TERMS

The loan period on a certification must not exceed 12 months. If a student needs additional funding outside of 12 months, then a new application will be required.

The certifying school can change the loan term during the certification process in the case that a student has applied for an incorrect term.

SAP REQUIREMENTS

Ascent only requires SAP for the outcomes-based loan (L65/L66). Please see additional details listed under the undergraduate L65/L66 product codes below.

PAST DUE BALANCE “LOOK BACK LOAN”

All loan products are eligible for a past due balance. A loan certified for a past due balance must be certified no later than 180 days (6 months) from the loan term end date. Students applying for a past due balance loan must be currently enrolled or a recent graduate. Students must not have withdrawn with no intent of re-enrolling as verified by their school.

DEGREE-SEEKING

In exception for the Ascent Parent Loan, students applying for an Ascent student loan must be degree-seeking at the college or university listed on the student’s application.

ENROLLMENT REQUIREMENTS

Ascent allows for various enrollment statuses based on the loan product. All enrollment requirements are listed under each loan product below.

Ascent’s outcomes-based loan (L65/L66) requires students to be enrolled full-time unless they are within 9 months of graduation at the time of certification (please see additional details below the L65/L66 loan product).
